NAPOLI

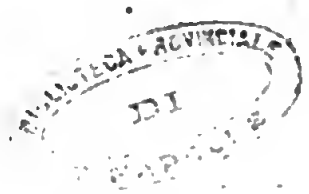
A PARIS,
Chez la Veuve DESAINT, Libraire, rue du Foin-S.-Jacques.

M DCC LXXIII.

Avec Approbation, & Privilége du Roi.

AVERTISSEMENT.

Voyez à la tête des Planches du premier Volume de ce Cours, les raiſons qui ont déterminé l'Auteur à ſéparer les Planches, du Diſcours ; de maniere que cet Ouvrage ſera toujours compoſé de ſix Volumes d'impreſſion, & de trois Volumes de Planches, dont chacun contiendra celles des deux Volumes à qui ces Planches appartiennent. Nous avons continué d'autant plus volontiers cette marche, qu'elle a été applaudie juſqu'à ce jour.



AVIS AU RELIEUR.

Le Relieur prendra ſoin de mettre toutes les Planches du troiſieme Volume de ſuite, & de les ſéparer de celles du quatrieme Volume par le titre qui les annonce, quoique contenues dans un même Tome.

Il aura l'attention, comme dans la premiere livraiſon, de coller à onglets toutes les Planches doubles ou triples, de maniere qu'elles ſoient pliées également de part & d'autre, en prenant garde que les onglets ſortent du fond du Livre, comme il lui a été recommandé précédemment.

Les Planches étant tenues les plus grandes poſſibles, eu égard au format, le Relieur prendra ſoin de les poſer bien carrément & à marges égales, tant haut que bas, pour que le cadre ne ſe trouve pas coupé par la Reliure.

Il faut obſerver de placer les deux Planches XL de ſuite, indiquées dans les Planches du troiſieme Volume, & de faire précéder celle qui repréſente les niches du Louvre, à celle qui repréſente les niches de Clagny.

Les Planches XLVIII & XLIX, ſont les ſeules qui doivent être pliées en hauteur, & collées à onglets, comme les précédentes.
